STATE PRISON TO GET NEW JAYCEE UNIT

Outside trustees at Arizona State Prison met Monday night to reorganize a chapter of the Jaycees among inmates, John Himes Arizona Jaycees criminal justice chairman said.

The new chapter, to be called ASPOT for Arizona State Prison Outside Trusty, will have about 20 charter members, Himes said.

A previous Jaycee chapter formed in the prison in 1967 became inactive about 3 years ago, officials said.

John J. Moran, Department of Corrections director, and Harold J. Cardwell, prison superintendent, said they welcomed the Jaycees back to the prison.

Moran said the Jaycees are always welcome in the field of corrections.

PRESIDENT LIFTS BAN ON INMATES

Effective as of Jan. 2, the President of the United States has issued Executive Order 11755 lifting the prohibition against employment of non-Federal prisoners in federally funded contracts.

Although the order only includes those prisoners who are authorized to work at paid employment in the community (work release programs), it insures that the prisoners shall not be exploited by the contractors, nor will the community be subjected to hardships through use of prison labor.

These two safeguards are the same which are in effect for use of Federal prisoners in employment.

The first emphasizes that such employment will not result in the displacement of employed workers, or be applied in such crafts, or trades in which there is a surplus of available gainful labor in the locality. In addition, local unions must be consulted.

The second states that prisoners must receive a rate of pay and work under conditions which will not be less than those paid or provided for work of a similar nature in the locality in which the work is being performed. But the order does provide for pay exceptions in the case of prisoners in approved work training programs on a voluntary basis.

The Attorney General must also certify that the work-release laws or regulations of the jurisdiction involved are in conformity with the requirements of this Executive order.

In addition to lifting the prohibition against the use of non-Federal prisoners in federally funded contracts, the order also states that there shall be no prohibition against the employment of parolees, probationers, or ex-convicts.

TRUE OR FALSE?

To avoid the dunce cap, you'll have to identify correctly as true or false at least half of the following statements. The answers may seem obvious — but watch out! Deciding whether a statement is correct is not as simple as it looks. No fooling now, true or false?

1. Frankenstein was the name of a fictional monster created by a mad doctor.
2. The 21st century will start on January 1st in the year 2000.
3. Wherever you may be, you need only locate the North Star to find your direction.

A REAL PRO PROSPECT

Even though he scored 135 points in a recent basketball game, one player not being scouted by the pros is RICH (TEE-WEE) KRKLAND. Kirkland is not exactly a free agent. Right now he is playing all games for the federal penitentiary in Lewisburg Pa. A 6-foot 2-incher from Long Island, he scored the 135 in a 228-47 victory over the Kithuanian Club of Shamokin, Pa. Kirkland is averaging 70.9 points a game in 10 'er outings, if that's the word for nothing but home games.

This is truly a meeting of brotherhood as men of all faiths meet within the Chapel with one common goal. That goal is to worship God and to understand each others faiths.

The men here are represented by all the Christian faiths, plus the Jewish and Muslim faiths, and I'm sure there are men in the C.M.F.L. with other faiths, doctrines and sects that this re-ort is unaware of. The concept of C.M.F.L. is beautiful and the philosophy behind it makes it one of the most attended organizations here in the prison.

The meeting of Jan. 31, 1974 was a typical evening of the C.M.F.L. and it consisted of devotion to God, and the singing of praises to and of God. Business of the League was taken care of and then more devotions to the Supreme Being of the Universe were offered. All in all, a very enjoyable evening. Elections were held and Mr. BILL WHITSON was re-elected as Director of the C.M.F.L.

Perhaps you have Thursday evenings free. If so, contact any member of the C.M.F.L. for information on how to join. I guarantee you that you will enjoy the evening with friends and men who are sincerely interested in the scriptures and in worshipping with their fellow men.

7TH STEP ORGANIZATION

The 7th Step Organization now has a new coordinator in the person of STELLING CORLEY, "DOC" to his many friends, "DOC" was elected to the post during a special election held recently as the incumbent coordinator FRANK V. CANO, transferred to the new unit at Ft. Grant. Speaking of coordinators, our past leader "AUGIE" TISNADO has made parole. "AUGIE" was a tireless worker who improved the 7th Step program tremendously in the past 3 or 4 years.

The Executive Committee of the 7th Step is now composed of the following men and positions: RAY HOWELL, Business Secty., GREG FORKER, OT Rep., DAVID HOLDA, Pro-

gram Director, HAROLD "PEPPER" WARE, Asst. Coord., EUGENE COOPER, Committee Man, SAM AKINS, Sub-Committee Man, RON PHILLIPS, Sub-Committee Man TER, FRANKO DURHAM, Employment Director, JIMMY RYIYES and BERNIE AGOSTA, Sub-Committee Men, and JAMES "TEX" CARPENTER, Youth Director.

A very interesting article has recently come to my attention that should be of paramount concern to all inmates of penal institutions especially those on parole. I first came across the article in "Inside-Outside", October 1972.

What impressed me so much about the article was the fact that so many inmates are returned to institutions as parole violators, and there is really no need of it. The article reads as follows:

"The U.S. Code, Section 5287 or the revised statutes of the U.S. Court (Art. 4) amendment 662, to wit:

'No pact or agreement can be made with another state in regards to parole violation; under provisions of (Art. 4) Section 5287 or the revised statutes of the U.S. Courts (amendment 662). A person may be charged with treason or other crime and a warrant must be shown before extradition can be had. Parole violation does not come under the category of such crimes and "legally, no extradition can be had for parole violation".

The Federal Government takes notice of the law commanding the states in such matters; as no state has made parole violations a felony, a person can always successfully refuse to be extradited from state to state by way of the Federal Courts. This amendment was provided by the law in 1937 regarding parole violation under the revised act (No. 528-71-68) U.S. Constitution Amendment 662, part 4, Section 205, passed 1937.

Any person who is on parole from any state to another state, or any person who is on parole in any state and who violates parole by leaving the state from which he has been paroled, unless such person commits a felony he cannot be brought back as a parole violator. The court has ruled that a person cannot sign themselves into servitude. Therefore, the signing of parole papers, or the prewaving of any extradition rights are not legal and valid.

The appropriate method of contesting a parole violation hearing is simply to refuse to sign extradition and request bail. At such hearing you are absolutely entitled to counsel...and if you cannot afford one the Court will appoint one. At the hearing you would allege that you were illegally imprisoned in violation of the fourteenth amendment for all the reasons set out in the article. Alternatively, you may file for a Writ of Habeas Corpus directly into the Federal Courts pursuant to 28 U.S.C., 2254. Whichever avenue you use, the results should be the same.

INFORMATION ABOUT RABIES PROGRAMS

Monday, Feb. 14, 1974 we will start another Rabies program. We have selected the first forty donors on our waiting list.

If you have not been selected for this program, please check with NORMAN to be sure your still on the waiting list for the next program. We hope to start another program as soon as we complete this one. This, we hope, will be around the week of March 18, 1974. However, we have to wait for approval before this second program can be started. Hopefully we will have it by that time.

OLD RABIES DONORS THAT HAVE BEEN REMOVED

If you have donated plasma for one of our old rabies programs but were removed by our main plant or because you missed a booster check with RON or DARRELL as the chances are fairly good you might be able to get back on the rabies program. Be sure and check regardless of how long you have been off the rabies program. You might be the ones we are looking for to put back. If you are an active donor and haven't been on a rabies program before and are interested in getting on the
program, see NORMAN and he will put you on our waiting list for the next rabies program. Any active donor that hasn’t been on one before is probably OK to sign up. We can tell you more about this when you sign up.

ATHLETIC FIELD ACTIVITY

The Athletic Field, as pictured below, is a beehive of activity with the return of the warm weather. This past week the yard was near capacity, what with the “turkey” movies showing at our local cinema. Basketball was a “biggie”, and 3-wall handball was played during all four recreation periods on all the courts.

There was some activity at the horseshoe pits and plenty of activities in the weight-lifting area-s. The boxer’s were out doing their thing; running, shadow boxing, working on the bags, and sparring in the ring. One man who looks like he has potential is "CHATO".

Softball, via the slow-pitch route, is both a crowd-pleaser and enjoyable (?) to the teams playing, what with all the runs scored.

Pictured below is the ASP Athletic Director, none other than "Judge" Martin. Alongside him is "Turkey" Tellez. In the background is the Asst. Ath. Director Mr. Dan Schrodt.

In our column, we often speak of the lack of rehabilitative and educational facilities presently here at WD. Well, we thought you might be interested in knowing that at long last we may have gained some insight into the reasons why this is so.

At a meeting of the Self-Improvement Society last Monday night, Mr. Leo Beam, Public Information Officer of the Department of Corrections, spoke to us concerning plans that are now in the making within the department concerning the Women's Division.

While it is not feasible at this time due to our small population, high costs, for a half-way house for women, Mr. Beam did say that they are trying to work out a plan where private homes would take in women, on a voluntary basis just prior to her release.

There were a number questions that we brought up to Mr. Beam. One of these was a program of co-educational classes within the prison. Many women expressed their desire for vocational training other than secretarial training. His reply was that he was not knowledgeable enough and would have Mr. Moran come and speak with our group.

Another point regarded monthly weekend passes. Mr. Beam replied that this has been mentioned to them, however, he did not know how soon something of this nature could be made possible.

We feel that Mr. Moran and the State Department of Corrections may be serious about helping us. Two very good points to show their intentions were given to us: (1) A volunteer car pool could be established for indigent families who wish to visit their relatives at ASP. (2) They are working on establishing a one-to-one volunteer counseling system.

Many more ideas and plans were discussed. But due to space we will leave you with one last comment... Maybe the forgotten women of WD have not been altogether forgotten after all.

Mrs. Williford and Mr. Vild presenting Anni Brumfield with her final graduation certificate.

Anni Brumfield graduated from C.A.C. Business Receptionist School here at the Women's Division. She has attended the school since September of 1972. She also obtained her G.E.D. while she was here.

Anni has taken all the courses available in the school such as typing, key-punch, business machines, and others. She has a job in Ohio as a key-punch operator, which she says she enjoys the most.

Anni has also participated in many of the activities her at WD. She took part in all of our evening classes that were available. She was in the choir, and a member of S.I.S. Her hobbies were drawing, playing the guitar, and she, like most of the women, liked to knit.

She was paroled to Ohio with her husband, where they are both from. They left January 30, we wish them the best of luck in the future.

MUSIC, MUSIC, MUSIC

The melodic voices floating over the Yard at WD on Wednesday and Friday evenings from 4:30 to 6:00 pm are due to the expertise and patience of our very talented and much appreciated choir director, Mr. Frank De Grazia. With his guidance and knowledge of music, the WD choir has become a well known group in local areas. A new dimension will be added when the members of the choir prepare a play, complete with their musical talent on March 12, for several outside guests. Of course, we cannot forget the invitation to perform the forty minute radio broadcast on Easter over KCKY, either.

But the choir would not be complete were it not for the competent and willing hands of our piano and organ playing accompanist, Mrs. Leona Watts, a Correctional Officer of WD, who has given a great deal of her time, including her days off, to be present at all the performances and practice sessions.

Both have given inspiration and incentive and the choir members express sincere thanks for some very pleasant and warm memories for all involved to carry out of ASP. We hope you both gain at least half as much pleasure as the choir has in our endeavors.

There comes a time when we all need someone bigger than you and I to help us through the trials and tribulations of life. In the position that we are in today, we can't afford to pass up any chance that may be of help to us and the Superior Being is always ready to help. I have found that to believe and to understand what you believe in is the only way.

First, let's look at ourselves. Somewhere along the road of life, we decided to take this route. Either we didn't understand the conditions of this path or we depended on luck or some miracle to keep us over the rough spots---or, we just plain didn't care what happened & since we took this path and lived thus far, there is no use in complaining of this condition, we just have to try and better them. It seems to me that we need more earthly help.

Freedom of thought is the only thing we have left in a place like this. To waste the only privilege we have left is a sorrow, and when we break the Law of God we can pray and are forgiven. We don't have to be locked up and stop living. We still pay rent, gas, lights, and must worry about what's to come. But when you break the law of human society, you can't pray for forgiveness and pay your rent, gas, etc., it's all done for you, all except forgiveness.

The privilege of being a father or a mother to your children and enjoying the land—that is God-given to all of us, is taken away. We are stripped of everything but our minds. We sometime become like robots because we cease to use the one privilege we have left...to think.

Secondly, I feel that we need to try and help those that are trying to do something for us. Let's try and not put them in a position where they have to go and cope with obstacles that we create a great deal of the time for them. I feel that at this time and all other times as Father Murphy is trying to help us, he can do so much then--he also in turn, has to depend on someone bigger than you or I to receive help.

There is a type of convict I do not understand. He claims to be a "Revolutionary".

His speech is affected and laced with pseudo-Marxian dogma. Everything about America is wrong or misguided and somehow designed to torment him. He is convinced the system as it now stands, does not respect him.

Above all things, he wants us to believe that if he "were running things" everyone would be shown the "respect and dignity" he claims is now being denied.

Last week, this same "Convict Revolutionary" came to the library and ripped out several pages from our Volume on Rules of Criminal Procedure. Then he ground a cigarette butt into the floor and called a man with the same feelings as anyone of us, but who happened by occupation to be a guard..."a pig". As a result, smoking has been banned in the library. The pages of the law book can't be replaced. The volume won't be.

Explain this to me...why does this "Convict Revolutionary" who claims he holds respect "above all things"...refuse to respect the things we all need and must have for our dignity and survival? Is this the kind of man you want "running things"?

Undoubtedly these "Revolutionaries" have their sincere and intelligent members. This type really believes their agitation will bring about a better prison and a better world. But let's take a look at their story.

This tiny band of "Convict Revolutionaries" seem to envision a sort of demi-paradise of the future. Their predictions are vague fantasies held together by lynch-pin slogans such as "dictatorship of the proletariat" or "rule of the masses". Just what evidence exists to prove these statements is hard to fathom. Where is their so-called "worker's paradise" envisioned by the Marxian-Engelian dialectic some hundred years past. Is it Cuba, where the economy has stagnated to such a degree that it can only be kept alive by massive doses of foreign aid from the Soviet Union? Where people are forcibly conscripted to work in the cane fields?

It would be hard to imagine a more regimened society than the Republic of China, yet our Marxian-Convict Revolutionaries would apparently suggest we toss aside the concepts of "Due Process" and "Equal Protection Under the Law" to emulate the oriental politic.

In the final argument, these "Convict Revolutionaries" invariably point to Russia as their Socialistic Utopia. It should be noted that this is the same Utopia that countenanced Stalin's mass murders of political opponents...deaths that rose past a million. It should also be noted the Russian people were so enchanted with this "Worker's Paradise" that they threw garlands of flowers to advancing German troops in 1941.

If the truth be known, present day Communist governments fulfill few of Marx
and Engels' ideologies. They offer dictatorship by hierarchy within the Communist Party rather than a true dictatorship of the proletariat. Instead of the state's powers "withering away" it has grown and become a leviathan.

Before we turn to these "Convict Revolutionaries" to save us and bring us a new "Third World Society" we should go back to Das Kommunistische Manifest (The Communist Manifesto) and listen to what Marx and Engels REALLY said about OUR SYSTEM:

"It (our system) has been the first to show what man's activities can bring about. It has accomplished wonders far surpassing Egyptian pyramids, Roman aqueducts and Gothic cathedrals, it has conducted expeditions that put in the shade all former exoduses of nations and crusades...... The Bourgeoisie, during its reign of scarce one hundred years has created more powerful, more stupendous forces of production than all preceding generations rolled into one."

Which do YOU want: this...or the Society of the "Convict Revolutionary"...envisioned by a man who can't respect himself, let alone the property that belongs to all of us.

THE CONVICT PHILOSOPHY

Convict philosophy grows out of resentment and bitterness - and is one of the most self-defeating in the world. It contains the slickest logic ever figured out. It tears down any human excuse that people use to hide behind. It makes all men, women and children to be criminals at heart. It pretends that to lie, cheat and tear down is every man's game. "Every man is a crook at heart" is its rallying cry. Thus, the only difference between a man behind bars and a "free man" is this - one is in, the other is out! Thus, the man on the inside was just fool enough to get caught. On the outside, next time, he'll make less mistakes. A man who is infected with this philosophy, or really believes it, cannot be changed by reason, punishment or persuasion, because the logic is so slick and his anger and resentment feeds on itself. He keeps on returning to prison until he dies, or until God's love breaks through to take away his resentment, and then the convict's logic falls of its own inner decay. Then he profits from rehabilitation.

WE NEVER QUIT. League Commissioner, "NOGALES" DAVIS stated "The Toros have my vote for the SPORTSMANSHIP AWARD." We thank your "NOGIE", we need something!

"ON & ABOUT THE YARD"

MITCHELL LEEDS tells me there are 22 men enrolled in Narconon. If you don't know MIKE, he's the quiet guy who is the clerk for Mr. Anderson next to the Newspaper Office. MIKE has been with Narconon now for 3 years and has completed 5 courses. MIKE is a big credit to this program.

SONNY BOONE who was the Activities Reporter for this rag went to Camp Safford the 23rd of Jan. SONNY did a whale of a job and will be sorely missed!

The photographer on the paper JIM MILLER is not to blame for the lack of many pictures. Space just doesn't allow us to print many photos.

FRANK V. CANO, Coordinator for the 7th Step Society and El Presidente of MACHO, recently went to Ft. Grant, where no doubt, CANO will attempt to get chapters of 7th Step & MACHO started as this dude is an organizer Numero Uno.

Hey Guys, the "DEAR FLAPBET" Column from the Women's Division wants to answer any questions you may have on any subject. Drop your questions off at the Newspaper Office and we will see that the girls get them!

"Triple Eight" GREG FORKES should learn how to spell and to use the proper words, other than that he's a pretty good country reporter and I happen to like country people.

"El Verde" LEONARD GUZMAN, who is the painter you see at work in various departments around the yard is the man responsible for the interior paint job in the dingy old hospital. Looks better now than it has anytime in the past six years.

SPECIAL COMBINED SERVICES
Members of the Church of Jesus Christ of Latter Day Saints (MORMONS) will participate this Sunday morning, Feb. 10th in the Protestant services in the All Faiths Chapel.

There will be a male quartet performing some outstanding Gospel songs. Also performing will be a soloist and a well-known pianist. Mr. Robert S. Clark will give a brief message.

Chaplain Voth will be in charge of this affair and I'm sure this religious service will be well worth attending.
